express yourself

the first treatment that both
relaxes and fills
deep expression lines

Our exclusive, multi-patent pending **Bo-Hylurox™** technology—a powerful blend of natural active ingredients.

How it works:

RELAXES with Portulaca
An Avon patent-pending extract helps you lose those hard-to-treat creases while keeping your facial expressions, naturally.

FILLS with a booster
A multi-action complex boosts Hyaluronic Acid, a gel-like substance that gives skin its fullness, helping the formula to fill in deep creases.

Proven Results:

Instantly:
Helps reduce crow's-feet and frown lines. Expression lines look softer, more relaxed.

After 1 week:
Diminishes the appearance of deep lines and wrinkles around eyes and forehead.

With continued use, clinical tests showed:
94% of women showed improvement in crow's-feet and wrinkles
71% showed improvement in forehead lines and creases
52% showed improvement in lines and wrinkles around the mouth area

teeth whitener

a whole new way to bright, beautiful teeth.

4 shades whiter in just 7 days!

Q&A:

How does it work?
It removes unwanted color from within the tooth enamel plus unwanted stains on the surface of the teeth.

How quickly will I see results?
Depending on the level of staining, results should be noticeable after just a few days.

Is it safe for tooth enamel and gums?
Dentist-developed, Beautifully Bright is safe for tooth enamel and gums.

Tips for maintaining your bright smile:
- Use as directed every day for 6 months or as needed
- Use with your favorite whitening toothpaste
- Use a tapered toothbrush to whiten both the surface & harder-to-reach places between teeth

TIPS FROM AVON salon &spa

step 1 Apply **Daily Results Flexible Hold Gel** to freshly cleansed and towel-dried hair. Work the gel throughout the hair from roots to ends.

step 2 On high heat, blow-dry roughly; lift the roots for volume. Tousle the ends for a more natural finish.

step 3 To sharpen the wave or curl: section hair throughout head, spray each section with **Advanced Techniques Flexible Hold Finishing Spray**, then set with a medium-size hot roller perpendicular to the head. Set time: 10–15 minutes. Finger finish.
